

## SAINT ROMAIN La Combe Bazin

White wine / Chardonnay

### The Vine

The parcel covers an area of 92 ares located on a marly-limestone soil with some clay bands.

### Tasting

Very expressive, this wine reveals fruity and floral notes.

### Service

Drink young during the first two to four years in the bottle. Serving temperature: 10 to 12°C.

### Food and wine pairing

We prefer it as an aperitif! It can also go well with seafood terrines, fish or seafood.
